Technical data

Modular dimension:	150 mm
Max. section load	1200
Weight:	5 kg
Width:	25 mm
Depth:	600 mm
Height:	1790 mm

Similar to illustration, technical modifications reserved. Without decoration.

Hupfer enables the efficient storage of goods through its shelving units. They support the organisation and quick access to materials in various logistics processes.

Discover the Norm 5 shelving unit for sliding shelves from Hupfer – the perfect solution for efficient storage in the hospitality and medical sectors. With an impressive size of 1800x600 mm and a field load capacity of up to 1200 kg, this shelving unit offers exceptional stability and versatility. The Norm 5 shelving unit is made from high-quality stainless steel, ensuring durability and easy cleaning. Without feet, it allows for flexible integration into existing systems and optimises your storage logistics. Utilise the Norm 5 shelving unit to make the most of your storage space and improve the organisation of your materials. Rely on quality and efficiency with Hupfer – for seamless logistics in your operation!

- **Robust construction** – Stainless steel material ensures durability and resilience.
- **High load capacity** – Field load of up to 1200 kg, ideal for storing heavy goods.
- **Space-saving design** – Compatible with sliding shelves, maximises space utilisation in storage areas.
- **Flexible application** – Suitable for various areas of use in gastronomy and medical technology.
