The waste container enables the practical and hygienic collection of waste directly at the cart.

The waste container is an ideal solution for quick waste disposal directly at the serving trolley. It can be easily attached to the trolley and offers ample space for the waste generated. The container supports a clean working method and promotes hygiene in the service area. Thanks to its robust construction and the use of high-quality, recyclable stainless steel, the waste container also ensures a long lifespan and hygienic cleaning even with intensive use.

- for quick waste disposal directly at the serving trolley - tool-free assembly - made from high-quality, recyclable stainless steel for long durability and hygienic cleaning
