Technical data

Capacity:	23 × Kältespeicherplatte GN 1/1
Modular dimension:	60 mm
Insertion type:	Lengthwise insertion
Payload:	100 kg
Weight:	28 kg
Width:	460 mm
Depth:	645 mm
Height:	1660 mm

Retractable transport trolley for storing and transporting GN 1/1 cold storage plates.

Open trolley with one compartment in robust, self-supporting and hygienic design, made of high-quality stainless steel square tubes with vertical struts made of stainless steel wire at the long sides. Fixed supports made of stainless steel round bars, for lengthwise insertion of plates, with push-through protection on both face sides. Four massive polymer corner bumpers serve as bumpers and protect the equipment on all sides as well as building-side walls from being damaged. Trolley runs on 2 swivel casters with total locks, 2 fixed casters. Stainless steel caster housing with stainless steel ball bearings, \varnothing 4.9" (125 mm), according to DIN 18867 Part 8, fastened by means of screw-on plates and several screws, specifically offset to the interior for insertion into fridges.

The Hupfer eutectic plate transport trolley KPTW 1/23 GN 60-L has outstanding handling properties due to its very low empty weight in comparison to other products, while the use of bow-shaped shelf rails and the optional transport guard provides optimised protection for the eutectic plates.
