Hupfer offers a solution for the efficient storage and transport of trays. The transport trolley allows for an organised arrangement and easy access to the trays.

Tray transport trolley, 40 trays, Euro norm/Gastro norm by Hupfer The tray transport trolley made of high-quality stainless steel offers a durable and easy-to-maintain solution for your catering needs. With its single-walled construction, the trolley ensures robust stability and safe transport conditions for up to 40 trays. The practical height grid for tray inserts of 115 mm allows for flexible adjustment to various tray sizes. The cross insertion optimises space utilisation and facilitates access to the trays. Ideal for large kitchens, this transport trolley ensures organised storage and efficient transport, allowing you to focus on what matters most – preparing delicious meals. Experience a new dimension of logistics in the catering sector with the tray transport trolley from Hupfer!

- **Stainless steel construction:** Durability and easy cleaning, ideal for use in the catering industry.
- **Single-wall design:** Robust stability, ensures safe transport conditions for the trays.
- **Height increments for tray inserts:** 115 mm, allows flexible adjustment to different tray sizes.
- **Cross insert:** Efficient use of space, facilitates access to the trays.
