we make work flow

Technical data

Max. bay load	150
Weight:	2 kg
Width:	1100 mm
Depth:	339 mm
Height:	49 mm

Similar to illustration, technical modifications reserved. Without decoration.

Hupfer offers a solution for the efficient storage and organisation of goods. The design allows for easy handling and sorting, optimising transport and distribution.

Discover the Norm 20 support rack 1100x400 mm from Hupfer – the ideal solution for efficient logistics in commercial catering and the medical sector. This robust aluminium rack offers an impressive load capacity of up to 150 kg and ensures safe storage of your goods. The seamlessly pressed, horizontally running rectangular tubes guarantee high stability and durability. With a thoughtful design and a distance of 30 mm between the tubes, the Norm 20 support rack allows for optimal ventilation and perfect hygiene. Utilise the Norm 20 support rack to optimise your storage and transportation of food or sterile goods. Rely on the quality and functionality of Hupfer to tackle your logistical challenges!

- **Load capacity: 150 kg** - High load capacity for efficient use in the hospitality industry.
- **Aluminium rust-proof surface** - Lightweight and corrosion-resistant for long-term use.
- **Seamlessly pressed construction** - Increased stability and durability under intensive use.
- **Rectangular tubes 20 x 7 mm** - Robust design for reliable support of goods.
- **30 mm spacing between connections** - Optimised air circulation for hygienic
