ISOBOX® Mobil Basic for transporting and dispensing meal components in GN containers or on GN 1/1 trays

Fully enclosed transport trolley in light and robust sandwich design made of aluminium sections. Double-walled hinged door opens to 270° and is held open by magnets. Door and closed rear and side walls in a choice of RAL colours. Interior with one compartment for GN 1/1 containers or trays inserted lengthwise. Beaded side walls and a vertical profile as a tray stop on the rear of the interior made of completely pigmented polystyrene, suitable for all foodstuffs, can be used at any temperature from -10° to +70°C. Eight solid, round polypropylene bumpers at the lower and upper corners of the body very effectively protect both the trolley and the walls of the building from damage. Vertical handrails on the corners for easy manoeuvrability. Trolley moves on 2 swivel castors with total brakes, 2 fixed castors, with bolt hole attachment, 125 mm diameter.

The HUPFER® - ISOBOX® Mobil Basic 1/15 37.5 is highly flexible for the neutral transport of hot and passively cooled food.
