Depth:	175 mm
Height:	100 mm

Similar to illustration, technical modifications reserved. Without decoration.

OR dirt strainer for holding used equipment such as surgical instruments, syringes, cannulas or catheters.

Strainer in easy-to-clean and hygienic design, made of high-quality, electro-polished and burr-free stainless steel welded mesh with continuous frame at the top and middle strut welded in between for additional stiffening and use as carrier handle. One additional continuous frame in the base area with four U-shaped feet, improving centring when stacking several strainers onto one another. Strainer suitable for placing into a polypropylene bowl and, using this bowl and an appropriate holder, suitable for suspending into a hook trolley or a wall hook rack.
