Weight:	1 kg
Width:	630 mm
Depth:	270 mm
Height:	194 mm

Similar to illustration, technical modifications reserved. Without decoration.

Holder for storage and provision of sterile supplies packages in the form of film reels of different widths.

Robust, self-supporting and hygienic design, completely made of high-quality, electro-polished and burr-free stainless steel wire. Holder for attaching to wall hook racks/hook trolleys or packing table, consisting of a frame rack made of stainless steel wire, for inserting or suspending film reels. The reels are either placed loosely onto a guide rack made of stainless steel wire that is welded to the base area or suspended into half-round recesses in the upper edge of the holder by means of a standard round tube.
