Height:	80 mm

Similar to illustration, technical modifications reserved. Without decoration.

The hanging rail for attaching to wall hook rails, hook trolleys or packing tables is used for hygienic storage and organisation.

The stable hanging rail allows for easy and tool-free attachment and removal from wall hook rails, hook carts, or packing tables. The Hupfer hanging rail is a hygienic storage solution that enables efficient and comfortable organisation of sterile goods in foil packaging within a medical working environment. The burr-free frame made of stainless steel sheet with permanently welded hooks is stable and can be effortlessly attached to existing structures. The hooks allow for a clear and comfortable hanging of sterile goods in foil packaging, ensuring maximum hygiene.

- Stable construction allows for effortless, tool-free attachment and removal
- Hooks enable organised hanging of sterile goods and maximum hygiene
