The identification label is used for attachment to baskets for identifying different baskets and their contents.

The practical identification sign is designed for visible attachment to baskets for easy identification of various baskets and their contents. The Hupfer identification sign for stainless steel baskets ensures a stylish and clear presentation of information and optimised logistics. The robust construction can be easily clipped on in a highly visible location. The high-quality design guarantees a durable and reliable attachment. The simple application and removal allow for quick and individual adaptation to changing requirements. The sign holder is easy to clean and meets the highest hygiene standards.

- Robust construction allows for easy assembly and reliable fastening. - Installation enables clear labeling and optimised logistics. - Simple attachment and removal allow for quick individual adjustments. - High-quality execution ensures easy cleaning and optimal hygiene.
