The closed stainless steel shelf of the Norm 5 rack provides a safe and hygienic surface for high load capacities. It is suitable for continuous use at ambient temperatures ranging from -40°C to +60°C.

The effortlessly attachable, closed tray made of high-quality stainless steel provides a secure and easy-to-clean surface. This tray of the Norm 5 shelf accommodates high load capacities. Temperatures from -40°C to +60°C are not a problem even in the long term. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees to buy back your entire shelf at the end of its service life.

- Closed design in stainless steel ensures safe, hygienic storage and clear access at all times. - Quality workmanship from high-grade stainless steel allows for perfect hygiene and easy cleaning. - Valuable materials ensure sustainability and value retention. - Sturdy construction guarantees high load capacity. - Modular system ensures easy handling from assembly to cleaning with minimal effort.
