The foot stopper for the running carriage of a sliding shelf serves to secure the running carriage in the guide rail at any position. By pressing the foot stopper once, your sliding shelf is fixed; by pressing it again, you release the foot stopper and the shelf is free to move again.

The effortlessly operable foot stopper allows the locking of a Hupfer sliding shelf trolley at any position. The Hupfer foot stopper made of stainless steel provides more comfort and safety when handling sliding shelf systems. By pressing the foot stopper once, your sliding shelf is securely in place and can be operated without further movement. By pressing it again, you release the foot stopper and the shelf is free to move again. The foot stopper can be installed on either side and at any time afterwards.

- The pedal allows for the locking of the running gear and uninterrupted operation of the sliding shelf. - The design allows for dual-side mounting and any positioning. - Optional use enables retrofitting at any time and flexible application. - The included fastening material guarantees effortless assembly and quick attachment. - The sturdy construction ensures high load capacity and durability.
