Modular shelving system made of high-quality stainless steel in hygienic construction according to DIN 18868-2, suitable for continuous use at temperatures from -40 °C to +60 °C, for installation in a straight line or as corner construction with corner connection brackets, extendable in length as required.

Shelf stand made of square tubes 25 × 25 mm, connected and stabilised by firmly pressed cross-running support rungs 50 × 2 mm. Upper cover caps made of plastic and height-adjustable screw feet to compensate for floor unevenness up to 25 mm as a hygienic finish of the shelf stand. Firmly welded support pins ø 7 mm at a distance of 150 mm for easy hanging of the shelf boards.
