## Технические характеристики

<b>Вместимость:</b>	bis zu 60 Teile o. Haube, 70 m. Haube
<b>Полезная нагрузка:</b>	55 kg
<b>Мощность:</b>	600 W
<b>Входное напряжение:</b>	AC 220-230 V
<b>Номинальный ток:</b>	2,6 A
<b>Класс защиты:</b>	Class I
<b>Частота:</b>	50/60 Hz
<b>Масса:</b>	13.549 кг
<b>Ширина:</b>	400 мм
<b>Глубина:</b>	400 мм
<b>Высота:</b>	820 мм

Plate dispenser for installation into a worktop, for storing  $\varnothing$  7.5-10. 2" (190-260 mm) round plates in a statically heated stacking compartment.

Dispenser in robust and hygienic design, made of high-quality stainless steel. Closed design for installation from above with shelf frame. Open stacking compartment and one stacking platform in plastic-coated rod design to prevent crockery discolourations. Stacking compartment with three plastic-coated crockery guides, variably adjustable without tools. Consistent output height thanks to manually adjustable stainless steel tension spring system. Easy cleaning of stacking compartment from above and via a cleaning opening in the base plate. Reduced temperature losses and heating time thanks to cover hood made of polycarbonate with 3-point locking mechanism. Heating through stainless steel tubular heating element, infinitely variable using thermostat toggle switch on the equipment, with temperature limiter as per VDE. Current supply via a connecting cable set consisting of two connecting cables with earthed plug and equipment plug and an On/Off switch with integrated indicator light as disconnecter.

The Hupfer incounter plate dispenser EBR-TE/H 19-26 has an adjustable guide that protrudes 57 mm above the support frame and which can be fixed in a base plate, and the use of non-rusting stainless steel springs that are easy to insert and remove provides optimal adjustment options for different crockery diameters and loads. The vertical installation of the three heating elements ensures a particularly uniform distribution of heat. The on/off switch can be conveniently integrated into the worktop and requires a cut-out measuring 30 x 22 mm.
