Глубина:	715 мм
Высота:	900 мм

Показан пример без декоративных элементов, точность технического описания не гарантируется.

Open basket dispenser with height-adjustable platform for storing 25.6 × 20.9" (650 × 530 mm) baskets with small or difficult-to-stack crockery items.

Dispenser in self-supporting and hygienic design, made of high-quality stainless steel. Closed base plate folded on all sides. Installed on top is a closed spring case with a height-adjustable closed platform with continuous upstand and ball bearing platform guide. Consistent output height thanks to manually adjustable stainless steel tension spring system. One stainless steel U-shaped bracket underneath the platform as additional support for fully loaded system. Four massive polymer corner bumpers, of which two at the upper corners of the structure that serve as bumpers and protect the equipment on all sides as well as building-side walls from being damaged, with integrated, ergonomically-shaped push bars. Dispenser runs on 4 swivel casters of which 2 with total locks, ø 4.9" (125 mm), fastened by means of screw-on plates and several screws.

The Hupfer basket dispenser OKO 65-53 has two push handles installed on the corners of the unit to ensure optimal handling properties. The ergonomically shaped push handles also guarantee effective protection against injuries to the hands. The installation height of 900 mm is the standard working height in food distribution. The optionally available crockery baskets generally feature a non-rusting stainless steel design.
