The swivel caster is used for attachment to mobile devices. The swivel caster enables the mobility, steerability, and control of the devices.

The easy-running swivel castor made of high-quality plastic with zinc-coated steel parts is rust-free and designed for attachment to mobile devices. The Hupfer swivel castor ensures the mobility of mobile devices. The effortless turning, steering, and positioning of the devices using the swivel castors increase efficiency and safety in carrying out tasks in narrow or crowded work areas. The robust swivel castor is equipped with a swivel bearing with a double ball race and allows for effortless handling of the devices, even with heavy loads. The plain bearing enables almost silent and smooth mobility. The swivel castor is securely mounted on the device using a round pin, ensuring stability.

- Durable plastic housing ensures longevity - Swivel bearing with double ball ring allows effortless movement and precise control - Sliding bearing provides near-silent and smooth operation
