

Stationary shelving set norm 5 with solid shelf

Технические характеристики изделия N5GS22006001600 | RS-N5-GS/2200×600×1600

Технические характеристики

Размер ячейки:	150 mm
Max. bay load	150
Max. section load	600
Carbon footprint (TM65 Basic Report)	541 kgCO ₂ e
Масса:	53.566 кг
Ширина:	2175 мм
Глубина:	600 мм
Высота:	1600 мм

Показан пример без декоративных элементов, точность технического описания не гарантируется.

The stationary shelving is designed for storage and to optimise space utilisation. The shelving has a high load capacity and is suitable for continuous use at ambient temperatures ranging from -40°C to +60°C. The solid shelf of the shelving norm 5 provides a stable and hygienic storage surface.

The Hupfer Norm 5 stationary shelving offers a clearly arranged and easily accessible storage solution for organised logistics.

The modular design allows for a needs-specific layout for a wide variety of spatial and temperature conditions, thereby ensuring the most efficient use of space. Uneven floors and temperatures from -40°C up to +60°C are no problem, even on a permanent basis. The shelving is easy to assemble and can be extended at any time in a straight line or even around corners and is easily adapted to changes in everyday logistics.

The solid shelf, which can be hooked in effortlessly, is made from high-quality stainless steel and provides a stable and easy-to-clean storage surface while also offering high load-bearing capacities.

The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees that it will buy back all of your shelving at the end of its useful life.

- solid shelf ensures safe, hygienic storage and clear access at all times
- high-quality stainless steel workmanship enables easy cleaning and perfect
